

In St Stephen's we have a lot of different clubs like football, tennis, rounders, hockey, netball and choir. We are encouraged to join in with after school and lunchtime extra curriculum activities.

In our school we go on a lot of amazing different trips all around the North West. The trips are all about learning and having a lot of fun. Unfortunately, due to Covid-19 we aren't going on any trips this year unless the rules change. Previous trips have included Cuerden Valley, Spaceport, Blackpool, the farm, Avenham park, Knowsley safari park and KS2 pupils have the opportunity to go on a residential trip.

Lunch time:
the food at St Stephens is delicious! KS1 children have access to free lunches. The meals are prepared daily on site.

School leaders
We embrace children as leaders and give them additional responsibilities like eco council, class librarians, school council and house captains for Y6. These children are chosen yearly from by their peers.

OUTDOOR LEARNING:
Learning through the outdoors is proven to be good for the mind and the soul! We throw ourselves into a range of specially planned activities such as fire building, treasure hunts, willow weaving, bug hunts and planting.

ASPIRE TREE:
A-ACHIVE
S-SUCCEED
P-PERSEVERE
I-INCLUDE
R-RESPECT
E-ENJOY

Welcome to St Stephen's School! At our school we have respectful students and plenty of really smart teachers, that enjoy learning in a fun, active way. We have colourful classrooms to make your child's learning exciting and engaging.

ARE MAIN GOAL:
Our main goal is to make sure all the children learn in an exciting and inclusive way. We treat every child as an individual and tailor the curriculum to them. We hope you are tempted to join our loving school community.

We pride ourselves on our exceptional manners and respect. We celebrate this through our weekly certificates, house points and Dojo points.

Within our educational community, we are fortunate enough to celebrate many differing faiths, languages and cultures. We observe a range of special days throughout the year such as Eid, Diwali and Easter events.

In our school we have a huge ICT Suite full of amazing PC's that everyone can use them for their learning. We have many online learning tools such as T'Rockets, Read Theory and Purple mash.
