

At lunchtime we check our students have healthy diets . We give out free school dinners to infants (Year 2 and under). We offer a range of food, whether your child is vegetarian, halal, or a vegan.

At St Stephens, school trips are often arranged for your child to come and enjoy. We ensure you child have a good time. Usually, we use a programme called parent pay that is a convenient way to pay with out physical money. We have enjoyed trips to Blackpool, the farm, Knowsley safari park and in KS2 a residential trip.

A library will be essential for your child's progress into literature and reading. Your child can pick a book every day to read at home. We make it our priority that they have top reading skills and we push their abilities to stimulate their minds.

During these diffucult times, we follow many procedures to make sure your child stays safe. Children will be asked to wash their hands, before and after exit and entrance into the classroom.

We have separate playgrounds for Key stage 1 and Key stage 2. They are all big spaces for your child to enjoy and play with their freinds. Equiptment will be provided, (Skipping ropes, footballs, hula hoops, ect).

Here at St. Stephens, we make sure all our children Aspire To Greatness and follow all the rules and regulations. Children will be sure to succeed at St Stephens, no matter what. Thankyou for reading our leaflet. Please consider our school for your childs education.

At St Stephens C of E Primary School we produce hardworking children who will achieve all their goals and surpass their expectations. We nurture their needs, starting from Nursery when they are small children, growing up to year six when they are mature and ready to spread their wings and go on to do greater things.

In literacy, we give the students a task suited to the curriculum, making sure we challenge their writing abilities.

In maths we focus on your child's specific needs, whether they excel in the subject, or need attending to. We use practical equipment, challenges, outdoor space and ICT to enhance our learning.

We have many clubs for your child to participate in and enjoy. We will not charge a penny for these wonderful opportunities, all you have to do is sign a letter and you are good to go! Recent clubs have included - football, hockey, choir, yoga and archery.

We have many leaders of the school including: Eco council, class librarians, school council and worship leaders. Your child has a chance to be in any of these, to help make the world a better place.
